# CITIZEN

# A new level of quality and portability

When quality and portability are critical requirements for your photo printer, look no further than the Citizen CX-02. The CX-02 joins Citizen's highly regarded CX printer range, offering new levels of quality, portability and compactness.

### **Energy and media saving**

Sleep mode reduces energy consumption by 98%. Then there is the new ribbon reward function. No more wasted ribbon and paper when printing single 4 x 6 inch photos using 6 x 8 inch media.

### Longevity

There's more than the initial purchase price to consider when purchasing a photo printer. That's why every Citizen photo printer is precision engineered for a long, hassle-free operating life, making it the only cost-effective, long term solution for your business.
